

The Discovery Bible Study (DBS)

A tool you can use to “discover,” understand, and put into practice the words of the Bible.

It follows a simple 5-column process that allows for life-changing transformation in your mind, heart, and actions.

- 1st Column – Write out the passage word for word by hand. *(Typing or using copy/paste reduces the impact upon your life).*
- 2nd Column – Write the passage in your own words as if you are explaining it to a young person (avoid big words).
- 3rd Column – Write out what the passage says about God. *What revelation of His character/nature do you see?*
- 4th Column – Write out what the passage reveals about man/the world?
- 5th Column – Write down any insights you learned. Ask Holy Spirit what you can obey in response. Who can you share it with?
